

When The Horse Dies - Dismount

In education, we often try to keep things going through other alternatives:

- Buying a stronger whip.
- Switching riders.
- Moving the horse to a new location.
- Create standards for riding a dead horse
- Make a test for measuring riding ability.
- Saying things like, *"This is the way we've always ridden this horse."*
- Complaining about the state of horses these days.
- Arranging to visit other sites where they ride dead horse more efficiently.
- Blaming the horse's parents - it's the breeding.
- Tightening the cinch.

Let us see if we can find a way to ride a dead horse more efficiently.

**If the
horse is
dead -
Get Off!**
