

# **Are You Tired?**

The population of this country is 220 million, 84 million over 60 years of age, which leaves 136 million to do the work. People under 20 years of age total 95 million, which leaves 41 million to do the work.

There are 22 million who are employed by the government, which leaves 19 million to do the work. Four million are in the Armed Forces, which leaves 15 million to do the work. Deduct 14,800,000, the number of state and county offices, leaving 200,000 to do the work. There are 188,000 in hospitals, insane asylums, etc., so that leaves 12,000 to do the work.

Now it may interest you to know that there are 11,998 people in jail, so that leaves just 2 people to carry the load. That's you and me—and brother, I'm getting tired of doing everything MYSELF!
